

SPECIFICATION (S099) Detectable Cable Tie

Product Code P8907 Metal detectable Cable Ties – Blue

Our high quality metal content cable ties (also known as food industry cable ties) are available in blue and are primarily used in the food and pharmaceutical industries. They are manufactured with a metal pigment which enables them to be detected by metal or x-ray detection*. Therefore, these cable ties are ideal for the installation of cables in and around the manufacturing process. They are tightened by hand or using one of our tensioning tools. Please note these ties are not intended for direct contact with food items.

Materials	Metal detectable Nylon 6,6
Size	385 x 4.8mm
Pack size	100 units
ROHS Compliant	2002/95/EC
Halogen free	
REACH compliant	
WEEE	2002/96/EC
Working temperature	-25°C to +65°C
Tensile strength	3.6mm – 20Kg / 4.5mm - 28Kg

* Detection of whole or part of a cable tie is dependent on a number of factors, including the detection method used, aperture and sensitivity of equipment used, size of piece presented, orientation at presentation, materials and state the piece is present within when presented. Therefore, we advise that the customer validates the detectability of these ties with the equipment they have to ensure they are fully suitable to meet their needs.
